

BAY SHORE ALUMNI IN THE ARTS

SURVEY

Our alma mater, the Bay Shore School District, has a long history of support of the arts in both the curriculum and extra-curricular programming. An effort is now underway to develop a database that will identify Bay Shore alumni, who are pursuing careers in the arts, including but not limited to music, visual arts, dance, literary arts, cinema, theater, and arts management. This initiative is being co-sponsored by **The Bay Shore Alumni Association** the **Bay Shore Schools Arts Education Fund** and the **Bay Shore Schools Department for Cultural Arts**. Thank you for taking the time to complete this survey. For additional copies of the survey, please call the Office of School Community Services at 631-968-1251.
